### Chapter 1 by R

Jackie stood in the hall of the motel, knocking. The pizza box she was holding was starting to smell really good, and it was tempting to just abandon the place, because this was starting to look more and more like a prank call.

The door finally opened up to reveal a gruff looking man. "How much?" He asked.

"Twelve bucks." She said, watching as he fished through his pockets for the money. As he handed over the money, their skin touched, briefly.

Suddenly she was standing in a motel room, staring over a dead body, her hands pulling out the bloody knife and rinsing it clean. Not her hands, his hands.

"Are you going to give me the pizza?" He asked, pulling her out of the vision. Jackie handed the box over quickly, turning to walk back to her car before the door had even shut.

Oh hell no. Lilah was going to make her start investigating this murder, wasn't she? Why couldn't she just leave this junk to the police!

Jackie opened the door of the motel room, but it worked for two girls trying to make their way in the world.

"Jackie! What do you think of this?"

Lilah held up a sheet of paper. On it was a logo: Psychics and Hackers for Hire

"There are so many things wrong with that. So. Many." Jackie sat down on the cheap yellow couch and sighed. "I already have a job, you know."

"A boring job! A regular person job. A job that doesn't let you become the amazing psychic investigator you were born to be." Lilah focused her attention on Jackie. "Speaking of psychic abilities, had any visions recently?"

Jackie leaned back deeper into the couch and covered her face with her hands.

"You did! Tell me everything!!"

"Well, I was delivering a pizza, as part of my legitimate job, and I accidentally brushed hands with this dude. I saw him standing over the body of this girl. I was washing a knife covered in blood."

Lilah stood up, a determined look on her face. "We must investigate! More lives could be at stake! Who knows, maybe you saw the future, that girl could be alive!"

"So we're investigating then."

"Our Psychic and Hacker duo is on the case! The game is afoot!"
